Sample Itinerary

Possible day trip or overnight tour package recommendations:

From Seattle:

Cashmere is about 2 ½ hours from Seattle, Washington and a spectacular drive through the Cascade Mountains.

I would recommend a trip which would bring you through Snoqualmie Pass and Blewett Pass to Cashmere, take the three tours in Cashmere: The Aplet & Cotlet Candy Factory tour, and then across the street to The Cashmere Fruit Exchange Farmer's Market and tour of our fruit packing facility, then to Cashmere's Pioneer Village and Historical Museum tour. These three tours would involve about three hours that would include sampling and shopping. Each of the tour locations have wonderful shops with outstanding quality products and gifts, both local and from throughout the United States. You could then stroll through our quaint small town and enjoy a leisurely meal at one of several restaurants in Cashmere. Following the meal, a short ride to the Bavarian Village of Leavenworth, (12 miles) for an afternoon of sightseeing and shopping in their many wonderful shops. Enjoy a second meal in Leavenworth prior to the beautiful ride back to Seattle via Stevens Pass, at one of their many fine restaurants. If an overnight is desired, reservations can be arranged with any of the many fine motels in Leavenworth.

There are many other attractions and activities in this wonderful valley. For more information on these additional activities and attractions, please visit our website www.visitcashmere.com, or contact us and we will mail information to you.
